FAQs

Q: What is the primary source of your Organic Kale Powder?

A: Our **Organic Kale Powder** is made from 100% certified organic kale leaves (*Brassica oleracea var. sabellica*).

Q: Is Organic Kale Powder suitable for vegan and gluten-free products?

A: Yes, our **Organic Kale Powder** is made purely from kale leaves, making it inherently **vegan** and **gluten-free**. It contains no animal products or common allergens.

Q: How does the flavor of Organic Kale Powder impact finished products?

A: **Organic Kale Powder** has a mild, earthy, and slightly bitter "green" flavor characteristic of kale. Its impact on the final product's taste largely depends on the inclusion rate and other flavors in the formulation. It blends well in smoothies with fruits or savory applications.

Q: What is the shelf life and recommended storage for bulk quantities of Organic Kale Powder?

A: Our **Organic Kale Powder** typically has a shelf life of **24-36 months** from the manufacturing date when stored in a cool, dry place, away from direct sunlight and moisture, in its original sealed, airtight packaging. Specific bulk storage recommendations will be provided with your order documentation.

Q: Does your Organic Kale Powder undergo testing for heavy metals and contaminants?

A: Absolutely. We conduct rigorous third-party testing for heavy metals, microbials, pesticides, and other contaminants to ensure our **Organic Kale Powder** meets strict international food safety standards and regulations. Certificates of Analysis are available upon request.
